

FELLOWSHIP ADVENTURES

Plan now to join **Fellowship Adventures** for an amazing week of hunting and fellowship in **South America's** unmatched **High Volume Dove** habitat. Make plans to join your hosts **Geoff Moore and the FA team** for an unforgettable adventure.

Bolivia is the hottest new wing shooting destination in South America. With it's incredibly high volume of birds and the **Latin flavor** of Colombia, Bolivia is without a doubt one of the best, most fun and incredibly unique new destinations for **High Volume Dove** in the world.

Bolivian Dove Adventure

ON THE THE GRAN CHACO PLAINS

Our Hunt

Each day starts in Bolivia as it did the day before, with **anxious anticipation**. The sun rise breaks the trees as **dove swarm overhead** while the hunters wade **chest deep in a sea of sun flowers** below. The landscape is a maze of agricultural fields bordered by tall standing timber breaks created by the Mennonites of the Chaco Region. The hard work of the Mennonite communities has created **rich farmlands** throughout this region and in turn allowed the **eared dove** to flourish in **staggering numbers**. With the number of dove in close proximity to the US, Bolivia has made a name for itself and **never disappoints**.

After a full breakfast you will head out for the mornings hunt. The morning shoots will last usually to around 11am or until everyone is shot out, returning at mid day for one of Los Guadales Lodge's special lunches. After Lunch there is usually time to relax and take a quick siesta before heading back out for the afternoons shoot which usually last until 6pm or when most are done for the day.

We return to the lodge to relax, clean up and embellish stories of legendary hits and misses. Later in the evening, it's another great meal together and a night filled with our namesake: **Great Fellowship**.

Our Lodge

Fellowship Adventures has partnered with the Molina family to create a **world-class experience** that exhibits incredible attention to detail.

This **ultra deluxe lodge** is **without equal** in Bolivia and possibly all of South America. This 20,000 square foot lodge boasts luxurious accommodations, world-class facilities and excellent staff.

The food is expertly prepared using **local fresh ingredients** that includes the traditional **Bolivian Asado**.

The property is expertly manicured and resident wildlife and colorful native birds call Los Guadales home.

Introducing FA's Latest Adventure

Make plans to join **Fellowship Adventures** for our latest adventure - **High Volume Dove Shooting in Bolivia!** After extensive research, the **FA Team** selected The Gran Chaco Plains for **an unforgettable week of wing shooting and fellowship**. We had always thought of Argentina when we were dreaming about a **FA South American dove hunt**. But we can assure you, **Bolivia is unsurpassed**. It is half the travel time and often half the flight expense. Best of all, **the dove population is hard to even explain**. You will shoot all you care to.

We have partnered with a **wonderful family** who have a beautiful lodge and like all our experiences our trip will have our **"FA Culture"**. This truly is a **world class experience** that will allow you to visit a **wonderful country**, stay in a new five star lodge, eat exquisite local cuisine, experience **legendary wing shooting**. And for the very first time we will be **experiencing** the life changing work of **Compassion International**.

On our final day we will get to witness the impact that Compassion is having in the lives of the children of Bolivia. That evening we will share a wonderful meal with several children who have graduated from the Compassion program in Bolivia. It's **an unforgettable day** and the perfect finish to our trip that is available to us at no additional expense.

Our Itinerary

Outbound Journey

Fly overnight from Miami FL on to Santa Cruz, Bolivia, arriving around 9am.

Day 1

The FA Team will meet you at the airport for our two hour ride to our lodge. We will get you settled in and have lunch. Then it's time for a siesta to get rested up for the evening hunt. We head to the fields in the late afternoon where you and your personal guide will hunt the doves returning to the roost. After several hours of "hot barrel" action we return to the lodge for a relaxed evening of hors-d'oeuvres, a wonderful supper and fellowship.

Day 2

Begin with an early breakfast and out to the fields for several hours of shooting (1 day targeting pigeons in addition to doves) then back to the lodge mid morning for "second breakfast" (another reason to love Bolivia!) and a relaxing afternoon around the pool or enjoying the full service spa or perhaps a game of cards or billiards. After the required siesta in your room or outdoor hammock, we enjoy a great lunch and a time of sharing together before we head out for the afternoon hunt. Then its back to the lodge for another great evening.

Day 3

Repeat day three, but with better shooting.

Day 4

In the morning we will have breakfast at the Lodge and then be met by the Compassion International staff. We will visit two projects in route back to Santa Cruz, including a lunch with sponsored children. We will spend the evening at a resort hotel in Santa Cruz enjoying a final private dinner together with graduates of Compassion's sponsorship program.

Inbound Journey

In the morning depart Santa Cruz for USA.

Many of you may know that **International Missions** has been a big part of **Geoff's career and life**. He has a **thirty year** relationship with **Compassion International** and loves the work this organization does around the world to bring hope and life to children. Compassion has been at work in **Bolivia for over forty years**. Everyday they they **help more than 65,000 children** in 200 child development centers. As a part of our **Bolivian Adventure** we will spend our final day visiting several of these centers and meeting some of these **remarkable children** and the staff that supports them.
